Construction Safety Findings: 16-22 January 2009

- Findings Total: 0
 - Serious Findings: 0
 - Less than Serious Findings: 0

Mishaps: 0 / Close Calls: 0

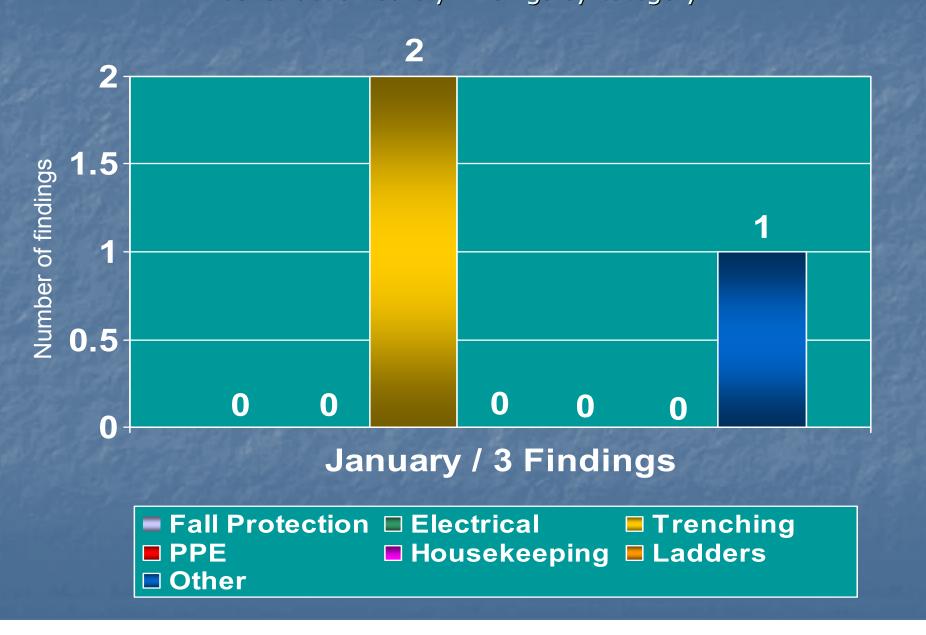

Construction Safety Findings: 23-30 January 2009

- Findings Total: 0
 - Serious Findings: 0
 - Less than Serious Findings: 0

Mishaps: 0 / Close Calls: 0

2009
Construction Safety Findings by category:

Summary

- Total Findings: 3
- Serious Findings: 1
- Less than serious Findings: 2
- Close Calls: 2
- Mishaps: 0
- Injuries: 0

Recording and Reporting Occupational Injuries and Illness

- **1904.32(b)(5)** How do I post the annual summary? You must post a copy of the annual summary in each establishment in a conspicuous place or places where notices to employees are customarily posted. You must ensure that the posted annual summary is not altered, defaced or covered by other material.
- **1904.32(b)(6)** When do I have to post the annual summary? You must post the summary no later than February 1 of the year following the year covered by the records and keep the posting in place until April 30.

Recording and Reporting Occupational Injuries and Illness

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

Form approved OMB no. 1218-0076

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or libesses occurred during the year Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write 10.*

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have finited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recording rule, for further details on the access provisions for these forms.

Total number of deaths	Total number of cases with days	Total number of cases with job	Total number of other recordable	
	away from work	transfer or restriction	cases	
(G)	(H)	(1)	(J)	
Number of E)a ys			
Total number of di from work		otal number of days of job ansfer or restriction	-	
(K)	V	(L)	230

Total number of	8			
Injuries		(4) Poisonings (5) Hearing loss	-	
injunes		(6) All other illnesse		
Skin disorders		1 7	-	
	ions			

SSC Confined Space Entry program: Updated January 2009

Major revisions include:

- 1) All confined spaces are permit required until reclassified.
- 2) Updated, two page entry permit.
- 3) Two new reclassification forms.

(See hand-outs)

We will discuss in detail at next month's meeting. If any one needs assistance prior to the meeting, call any of the SSC site Safety professionals.

HAZ-COM Safety

The following video demonstrates how there may be hidden dangers when dealing with chemicals throughout the <u>entire</u> job site.

Did you plan for this in your Haz-com program?

Safety – A small investment for a rich future.
